Date: 31.10.2018.

PROCUREMENT DOCUMENTATION

Tender for delivery of offers for consultation services in chassis development, mold for chassis and mold for different car parts for electric car C02

Procurement No. 13

1. CUSTOMER DETAILS

Company:	Rimac Automobili d.o.o.
Address:	Ljubljanska 7, 10 431 Sveta Nedelja, Croatia
Personal identification No.:	HR53943536946
Internet address:	http://www.rimac-automobili.com
E-mail:	luka.lucin@rimac-automobili.com
Phone:	+385 1 563 45 92
Fax:	+385 1 333 66 98

2. DETAILS ON CONTACT PERSON FOR COMMUNICATION WITH SUPPLIERS

Communication and any other information exchange between Customer and Bidder will be done only via e-mail. All questions and requests for explanations can be sent to Procurement and Logistics Officer, Luka Lucin, via e-mail at: **luka.lucin@rimac-automobili.com**

Customer is obliged to respond on request for additional information and give further explanations only when they have been sent via e-mail to address specified above. For the purpose of equal treatment of all Bidders answers on requests will be sent to all Bidders, regardless which Bidder have sent starting request or question.

3. BEGINNING OF THE PUBLIC PROCUREMENT PROCESS

Starting date of the public procurement process is date when The Notification on Procurement is published on internet page www.strukturnifondovi.hr.

4. PROCUREMENT TYPE

Open public procurement process with the public Notification on Procurement is being applied.

5. DESCRIPTION OF THE PROCUREMENT SUBJECT

Customer is procuring **consultation services in chassis development, mold for chassis and mold for different car parts for electric car C02**.
All Bidders must respect technical specifications provided in Point 7 of the Procurement documentation. Procurement is not separated in groups.

Tender for delivery of project offers is being published in English and, accordingly, technical specifications are also in written English, for the purpose of equal treatment of all potential Bidders and unequivocal understanding of all parts of the technical specifications, with regard that English language represents common language in the technical specification for the subject of this purchase.

6. MANDATORY REASONS FOR EXCLUSION - CONDITIONS WHICH MUST BE FULFILLED BY ALL POTENTIAL BIDDERS

Customer is obliged to exclude Bidder from the procedure in the case:

a) if Bidder or person authorised for its legal representation is sentenced for a criminal offense of participation in criminal organisation, corruption, frauds, terrorism, financing of terrorism, money laundry, child work abuse or other forms of trafficking;

b) if Bidder hasn't fulfilled its payment obligations towards Tax Office, Pension and Health Insurance Fund, except in the case when, according to the special legislation, payment of these commitments is not allowed or postponing of payment is approved;

c) if Bidder has mispresented or gave false information related to the conditions set by Customer as a reasons for exclusion or qualification conditions;

d) if Bidder is in the bankruptcy procedure, has solvency issues or it is in the liquidation process, if bankruptcy manager or court is managing Bidder's assets, if Bidder is in the settlement process with its creditors, if the Bidder has terminated its business activities or it is in any

other similar situation which arises from the similar procedure in line with the national legislation and regulations;

e) if Bidder has done, in last three years since the beginning of this procurement process, heavy professional misconduct i.e. is guilty for unprofessional representation, and Customer can prove that in any manner available;

f) if the conflict of interest cannot be eliminated by removal of the Procurement process board member from the board in the case when conflict of interest exists.

Absence of reasons for exclusion provided in Point 6. of the Procurement documentation Bidder will prove by signed statement provided along with the offer. Proposal of that statement is provided as an **Annex of the Procurement documentation.**

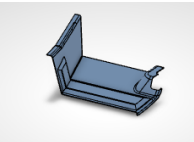
This Statement does not have to be verified by the notary.

7. TECHNICAL SPECIFICATIONS

C02 electric car will have carbon-fibre monocoque with integrated structural battery pack and bonded carbonfibre roof. The Bidder should provide offer for all the tool chain necessary with one kit of carbon mold for each part.

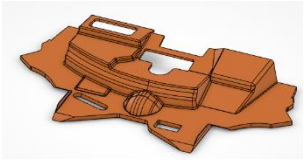
List of parts along with requirements for each part is listed below:

- ***STEERING COLUMN REINFORCEMENT***



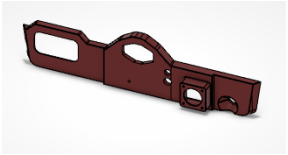
- Engineering, design and consultancy
- Epoxy board pattern machined by 5axs machine (price should include cost of material)
- Dimensional control with CMM machine of the pattern
- Surface preparation
- Lamination of carbon fiber mold with prepreg material (price should include cost of material)
- Mold assembly and surface finish
- Dimensional control with CMM machine of the carbon mold

- ***DASH CARRIER***



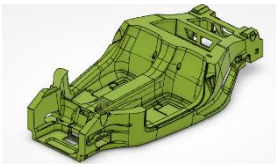
- Engineering, design and consultancy
- Epoxy board pattern machined by 5axs machine (price should include cost of material)
- Dimensional control with CMM machine of the pattern
- Surface preparation
- Lamination of carbon fiber mold with prepreg material (price should include cost of material)
- Production of aluminum loose tool with 5axs machine (price should include cost of material)
- Mold assembly and surface finish
- Dimensional control with CMM machine of the carbon mold
- Production of machining jig with 5axs machine
- Dimensional control with CMM machine of the jig

- ***FRONT FIREWALL***



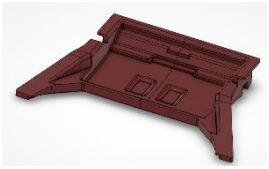
- Engineering, design and consultancy
- Epoxy board pattern machined by 5axs machine (price should include cost of material)
- Dimensional control with CMM machine of the pattern
- Surface preparation
- Lamination of carbon fiber mold with prepreg material (price should include cost of material)
- Production of aluminum loose tool with 5axs machine (price should include cost of material)
- Mold assembly and surface finish
- Dimensional control with CMM machine of the carbon mold

- ***MID STRUCTURE***



- Engineering, design and consultancy
- Epoxy board pattern machined by 5axs machine (price should include cost of material)
- Dimensional control with CMM machine of the pattern
- Surface preparation
- Lamination of carbon fiber mold with prepreg material (price should include cost of material)
- Production of aluminum loose tool with 5axs machine (price should include cost of material)
- Mold assembly and surface finish
- Dimensional control with CMM machine of the carbon mold
- Production of machining jig with 5axs machine
- Dimensional control with CMM machine of the jig
- Production of trollies for handling

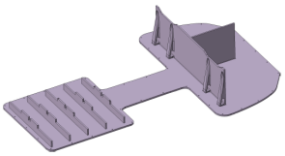
- ***REAR CLIP***



- Engineering, design and consultancy
- Epoxy board pattern machined by 5axs machine (price should include cost of material)
- Dimensional control with CMM machine of the pattern
- Surface preparation
- Lamination of carbon fiber mold with prepreg material (price should include cost of material)
- Production of aluminum loose tool with 5axs machine (price should include cost of material)
- Mold assembly and surface finish

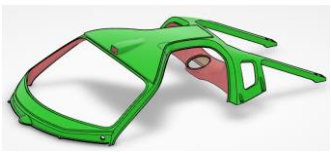
- Dimensional control with CMM machine of the carbon mold
- Production of machining jig with 5axs machine
- Dimensional control with CMM machine of the jig

- ***BATTERY PACK COVER***



- Engineering, design and consultancy
- Epoxy board pattern machined by 5axs machine (price should include cost of material)
- Dimensional control with CMM machine of the pattern
- Surface preparation
- Lamination of carbon fiber mold with prepreg material (price should include cost of material)
- Production of aluminum loose tool with 5axs machine (price should include cost of material)
- Mold assembly and surface finish
- Dimensional control with CMM machine of the carbon mold
- Production of machining jig with 5axs machine
- Dimensional control with CMM machine of the jig
- Production of trollies for handling

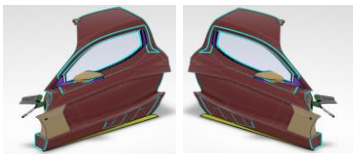
- ***ROOF***



- Engineering, design and consultancy
- Epoxy board pattern machined by 5axs machine (price should include cost of material)
- Dimensional control with CMM machine of the pattern
- Surface preparation

- Lamination of carbon fiber mold with prepreg material (price should include cost of material)
- Production of aluminum loose tool with 5axs machine (price should include cost of material)
- Mold assembly and surface finish
- Dimensional control with CMM machine of the carbon mold
- Production of machining jig with 5axs machine
- Dimensional control with CMM machine of the jig
- Production of trollies for handling
- Production of bonding jig with 5axs machine
- Dimensional control with CMM machine of the bonding jig

- ***LH-RH DOOR ASSY***



- Engineering, design and consultancy
- Epoxy board pattern machined by 5axs machine (price should include cost of material)
- Dimensional control with CMM machine of the pattern
- Surface preparation
- Lamination of carbon fiber mold with prepreg material (price should include cost of material)
- Production of aluminum loose tool with 5axs machine (price should include cost of material)
- Mold assembly and surface finish
- Dimensional control with CMM machine of the carbon mold
- Production of machining jig with 5axs machine
- Dimensional control with CMM machine of the jig
- Production of trollies for handling
- Production of bonding jig with 5axs machine
- Dimensional control with CMM machine of the bonding jig

- ***CONTROL GAUGES***

  - Engineering, design and consultancy
  - Control gauges machined by 5axs machine (price should include cost of material)
  - Dimensional control with CMM machine of control gauges

The Bidder will receive design data needed for offer preparation on request.

The Bidder must present its offer in the following manner:

Item	Name	Price for engineering, design and consultancy	Price for Tool chain for first mold kit	Total Price (without VAT)
1.	STEERING COLUMN REINFORCEMENT			
2.	DASH CARRIER			
3.	FRONT FIREWALL			
4.	MID STRUCTURE			
5.	REAR CLIP			
6.	BATTERY PACK COVER			
7.	ROOF			
8.	LH DOOR ASSY			
9.	RH DOOR ASSY			
10.	CONTROL GAUGES			
TOTAL:				

8. EVALUATION CRITERIA

Criteria for a selection of Bidder is the economically best offer (the best value for money). Details for evaluation and scoring of the proposal are listed in the table below:

CRITERIA		POINTS	SHARE
Price	Lowest offer in comparison to evaluated offer*50	50	50%
Automotive and racing experience in the field of design, engineering and production of carbon fibre monocoque chassis proven by list of references	5 points per reference up to max. 30 points	30	30%
Delivery time	Up to 6 months – 20 points Up to 8 months – 10 points Up to 10 months – 5 points More than 10 months – 0 points	20	20%

9. PLACE OF DELIVERY

The Bidder's factory.

10. PREPARATION AND DELIVERY OF OFFERS

Offers must be delivered in Croatian or English language and Latin alphabet. While drafting the offer, Bidder must follow requirements and conditions set in this Procurement Documentation.

The offer must contain at least:

1. Full name of the Bidder, its address and name of the contact person
2. Detailed description of the services in line with the specifications provided in Point 7 of this document. All parts of technical specifications must be listed as it is prescribed in Point 7 of this document.
3. Financial offer in HRK or Euro (exchange rate – mid exchange rate HRK/€ of the Croatian National Bank on the day of delivery of offer).
4. Signed and stamped Statement provided as an Annex to this Documentation
5. Date and signature of person authorised for representation of the Bidder.

Offer must be submitted in electronic form via e-mail address provided in Point 1 of this Document for delivery of offers.

11. APPLICATION DEADLINE

Application deadline is 20.11.2018. at 23:59 h.

12. DELIVERY DEADLINE

Delivery deadline starts immediately after contract signing. Selected Bidder is obliged to deliver services in accordance to manufacturer's project plan. Project plan will be shared with the Bidder if requested.

13. CHANGE OR WITHDRAWAL OF THE SUBMITTED OFFERS

Bidder is allowed to change or withdraw its offer before application deadline.

If Bidder submits changes or supplements its offer, it must be submitted in the same manner as original bid, with indication that this new document represents change/supplement of the original offer.

14. VALIDITY OF OFFERS

The offer must be valid at least 60 days after application deadline.

15. SELECTION OF THE BEST OFFER

Deadline for evaluation and decision making on Supplier is 10 working days after application deadline. All Bidders will be informed on decision in that period.

ANNEX

BIDDER'S STATEMENT ON ABSENCE OF REASONS FOR EXCLUSION

Procurement of the consultation services in chassis development, mold for chassis and mold for different car parts for electric car C02, Procurement No. 13

In order to prove absence of situations described in Point 6 of the Procurement Documentation which could lead to the exclusion of the Bidder from the public procurement process, I am giving

STATEMENT

that I, _____, from _____,
(Name and Surname) (Place of residence)
