**BASIC INFORMATION ON TECHNICAL DETAILS ABOUT SUBJECT OF THE PROCUREMENT:**

Subject of procurement is **software for simulations of ultrasound rays and beams propagation and simulations of ultrasound inspection procedures – one (1) piece**. The procurement subject includes a software solution for computer-assisted simulation of the propagation of ultrasound rays and beams and ultrasound inspection procedures on scales of larger dimensions than ultrasound probes. The solution in question must enable simulations of ultrasound beam interactions with different macroscopic samples and detection of different types of defects in such samples within a simulation domain that allows coverage of individual segments of industrial components with different configurations and different types of defects.

The subject of procurement is not divided into lots and tenderers must submit an offer for the entire subject of procurement.

The procurement subject includes delivery and installation of software solution.

**TYPE OF PROCUREMENT PROCEDURE:** Supplies (Procurement procedure with mandatory publication)

**DEADLINE FOR OFFER SUBMISSION:** 30.10.2020. until 17,00 h

The offer, together with other appropriate documentation, has to be made in Croatian or English language. The offers shall be submitted in a sealed envelope, directly to the Contracting Authority or by postal services to the address: INETEC-Institut za nuklearnu tehnologiju d.o.o., Dolenica 28, 10250 Zagreb.
