

The decision on the selection of the best offer

I.

As a part of the public procurement process, “Technical consulting, proof-of-concept and feasibility study for an advanced engineering solution for battery systems” as a subject of the procurement, which is part of component of the “EuBatln” project, contract No. 0000, it has been decided that offer submitted by **Porsche Engineering Group GmbH, Porschestraße 911, 71287 Weissach, Germany** will be selected.

Total value of selected offer is **2.186.419,00 EUR (16.376.278,31 HRK)** according to Croatian National Bank exchange rate list number: 157, applied as of 16 August 2021.

II.

Upon enforceability of this Decision, the Contractor will sign service contract with the selected Bidder.

III.

Standstill period is not being applied.

Explanation

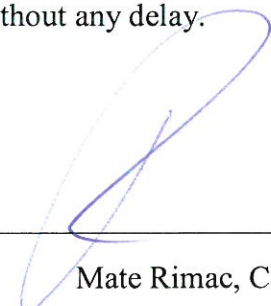

In line with prescribed Procurement procedures for entities who are not obligators of the Public Procurement Act, Contractor has started open public procurement process with the public Notification on Procurement.

Until expiration of the deadline, one offer has been received.

After the Board has reviewed and rated received offer, it is decided that the offer submitted by **Porsche Engineering Group GmbH** is in line with bidding documentation, in line with the scoring criteria defined in the call and represents the best and only offer.

Therefore, it is decided in line with the statement under Point 1 of this Decision.

Decision on selection will become enforceable by its delivery to the selected Bidder. Decision on selection will be delivered to the selected bidder in written form without any delay.
