

The decision on annulment of tender procedure

I.

In Call for tender “Battery Development Project – Battery Cells Storage Box Inlay”, **contract No. 0000**, implemented as part of the “EuBatIn” project, Rimac Technology d.o.o., **as a project beneficiary adopts decision on annulment of procurement procedure.**

II.

Decision is adopted since Rimac Technology d.o.o. has not received any offer during procurement procedure (procurement procedure with mandatory publication): <https://strukturnifondovi.hr/nabave-lista/eubatin-32/>

III.

Standstill period is not being applied.

IV.

To continue with planned implementation of activities as a part of the “EuBatIn”, contract No. 0000., Rimac Technology d.o.o. will start new procurement procedure.

Explanation

In line with provisions of “Rules on the implementation of procurement procedures for non-obligators of the Public procurement act”, Rimac Technology d.o.o. has initiated procurement procedure – procurement procedure with mandatory publication.

Until application deadline Rimac Technology d.o.o. has not received any offer.

Following the above, it was decided as defined in the Article I of this document.

The decision on annulment becomes enforceable on the date of its adoption.
